(No. A/46) Mr F. Quirin (Third Member for Beau Bassin & Petite Rivière) asked the Vice-Prime Minister, Minister of Education, Tertiary Education, Science and Technology whether, in regard to the Allocation of Digital Tablets Project to students of the primary and secondary schools, she will state where matters stand as to the implementation thereof.

Reply: With regard to the allocation of tablets to pupils of primary schools, I wish to inform the House that all pupils of Grades 1 to 4 in public and grant-aided schools are provided with tablets for use at school.

As for secondary schools, there is no project for the allocation of tablets to students at the level of my Ministry.
