COMMUNIQUE

The Ministry of Education and Tertiary Education, Science and Technology wishes to inform the public and the community at large that it is currently constituting a database of contact details of educators of State Secondary and Private Secondary Schools.

This collection of data is being carried out with a view of enabling enhanced communication with educators, and also facilitate the provision of information during the current unprecedented situation of national confinement.

A school-wise entry page has been created on the web portal on the Ministry at:

http://ministry-education.govmu.org/English/Pages/EducatorSurvey.aspx

This page will allow educators of State Secondary and Private Secondary Schools to provide the relevant contact information on a school-wise basis. All information that will be gathered will be treated confidentially.

Educators of State Secondary and Private Secondary Schools are hereby encouraged to visit this webpage as from Thursday 2nd April 2020 and provide the relevant details accordingly by Sunday 5th April 2020.

The Ministry relies on the cooperation and understanding of one and all in the conduct of this exercise in the interest of all learners.
