INTRODUCTION

Education in Mauritius is compulsory from age five up to the age of sixteen. The present education system allows a pupil to study for a period of two years at the pre-primary level. At the end of the primary cycle, of six years duration, the Standard VI pupils sit for the Certificate of Primary Education (CPE) examination. The CPE examination qualifies these pupils to a five year secondary education leading to the Cambridge School Certificate (SC) or the General Certificate of Education (GCE-O Level). An additional two years of schooling prepares students for Higher School Certificate (HSC) or General Certificate of Education (GCE-A Level).

Pupils who are under the age of twelve and are unsuccessful at the CPE examination are permitted to repeat Standard VI. Unsuccessful students who have attained the age of twelve are enrolled in pre-vocational stream. After three years of pre-vocational education, these students can follow the National Trade Certificate Foundation course at Mauritius Institute of Training & Development (MITD) Centres.

On passing the HSC, students are eligible for university studies.

Glossary

- 1 **Apparent Intake Rate**
Total number of new entrants in Standard I in Primary schools as a percentage of the population of official entry age
- 2 **Gross Enrolment Ratio (GER)**
Number of students enrolled per 100 population aged
 - 4-5 years for pre-primary level
 - 6-11 years for primary level
 - 12-19 years for secondary level
- 3 **Pupil/Teacher ratio**
Total number of students in a given level over total number of teachers in the same level.
- 4 **Transition rate**
Proportion of students that progress from the Primary cycle, (i.e Std VI) to the Secondary cycle, (Form I and Year I Prevoc) expressed as a percentage of those enrolled in Primary at Std VI.
- 5 **Literacy rate**
Percentage of persons aged 12+ years who can, with understanding, both read and write a simple statement.
- 6 **Adult Literacy rate**
Percentage of persons aged 15+ years who can, with understanding, both read and write a simple statement.
- 7 **Literacy Gender Parity Index**
The ratio of adult female literacy rate to male adult literacy rate. A perfect Gender Parity Index would imply that the index is equal to 1.
- 8 **Percentage of primary school teachers who are certified to teach according to national standards**
The number of primary school teachers who are certified to have received the minimum organised teacher training required for teaching in primary education, expressed as a percentage of the total number of primary school teachers.
- 9 **GDP at Market Price**
The aggregate money value of all goods and services produced within the country out of the economic activity during a specified period of time usually a year (before provision for the consumption of fixed capital) at basic prices plus taxes on products.
